CONNECT Edition

Using PDMS/E3D and S3D Models

Converting models from PDMS/E3D and Smart 3D

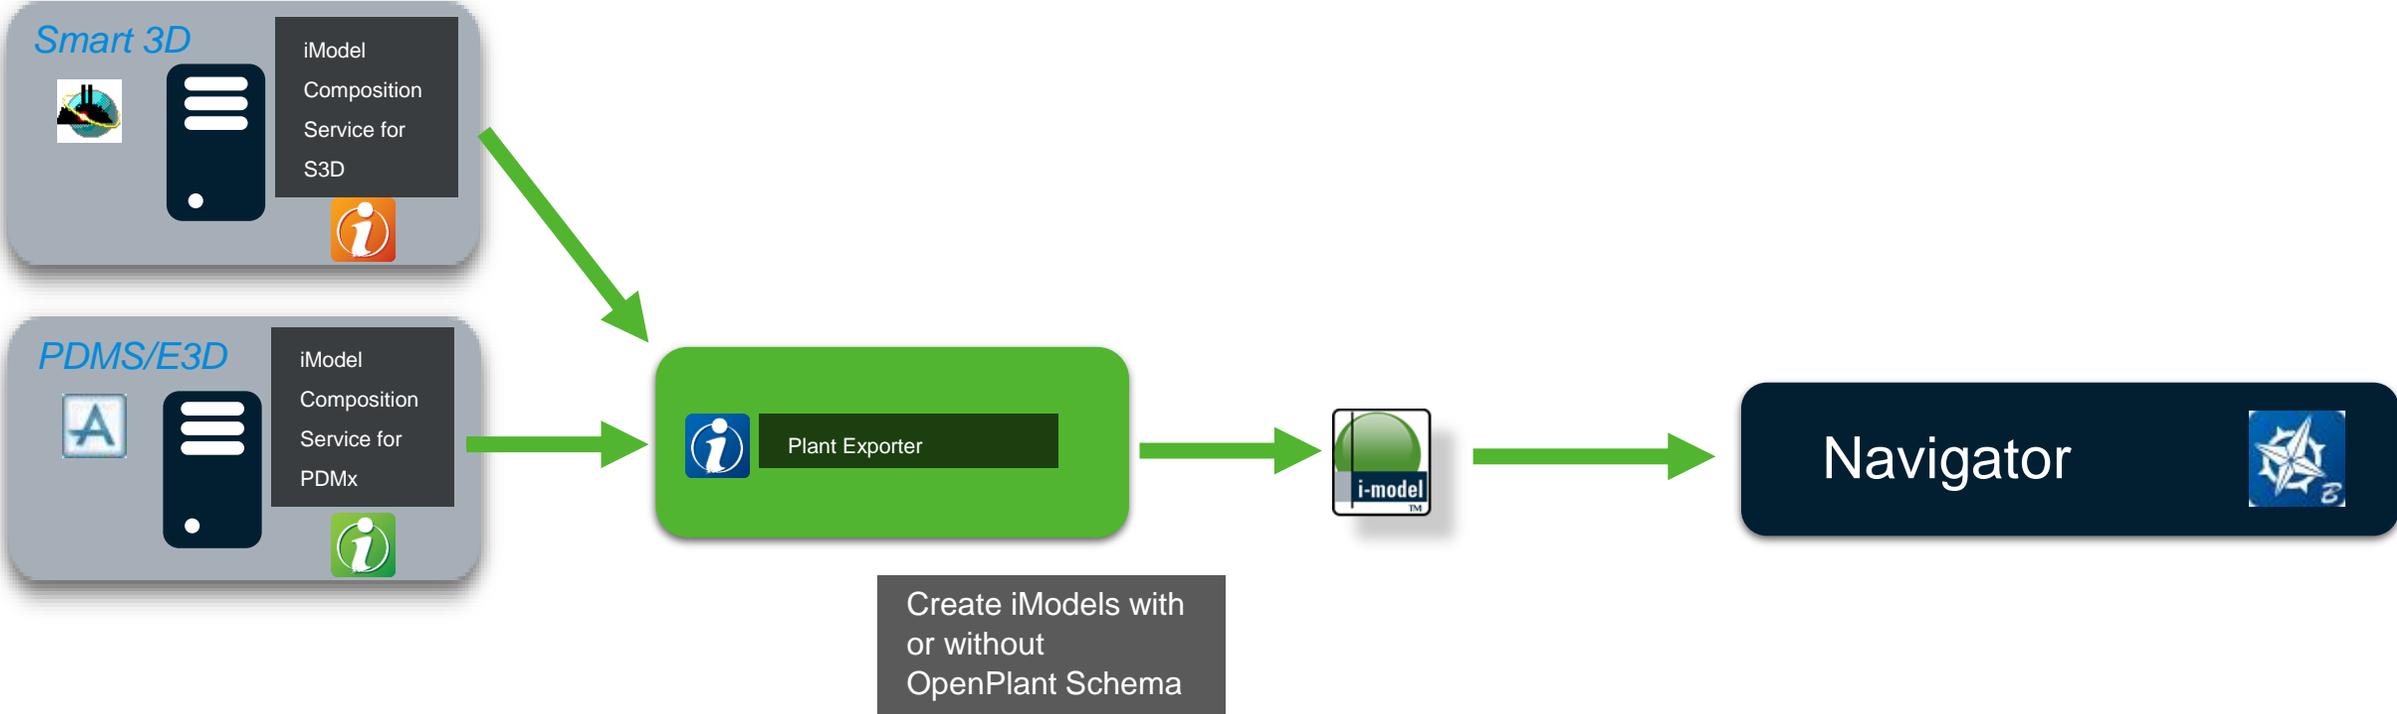

- Available workflows
 - Model conversion for review
 - Conversion for use in OpenPlant Isometrics and OpenPlant Orthographics
 - Conversion to OpenPlant Modeler
 - Conversion to iModelHub

PDMS/E3D – convert for review

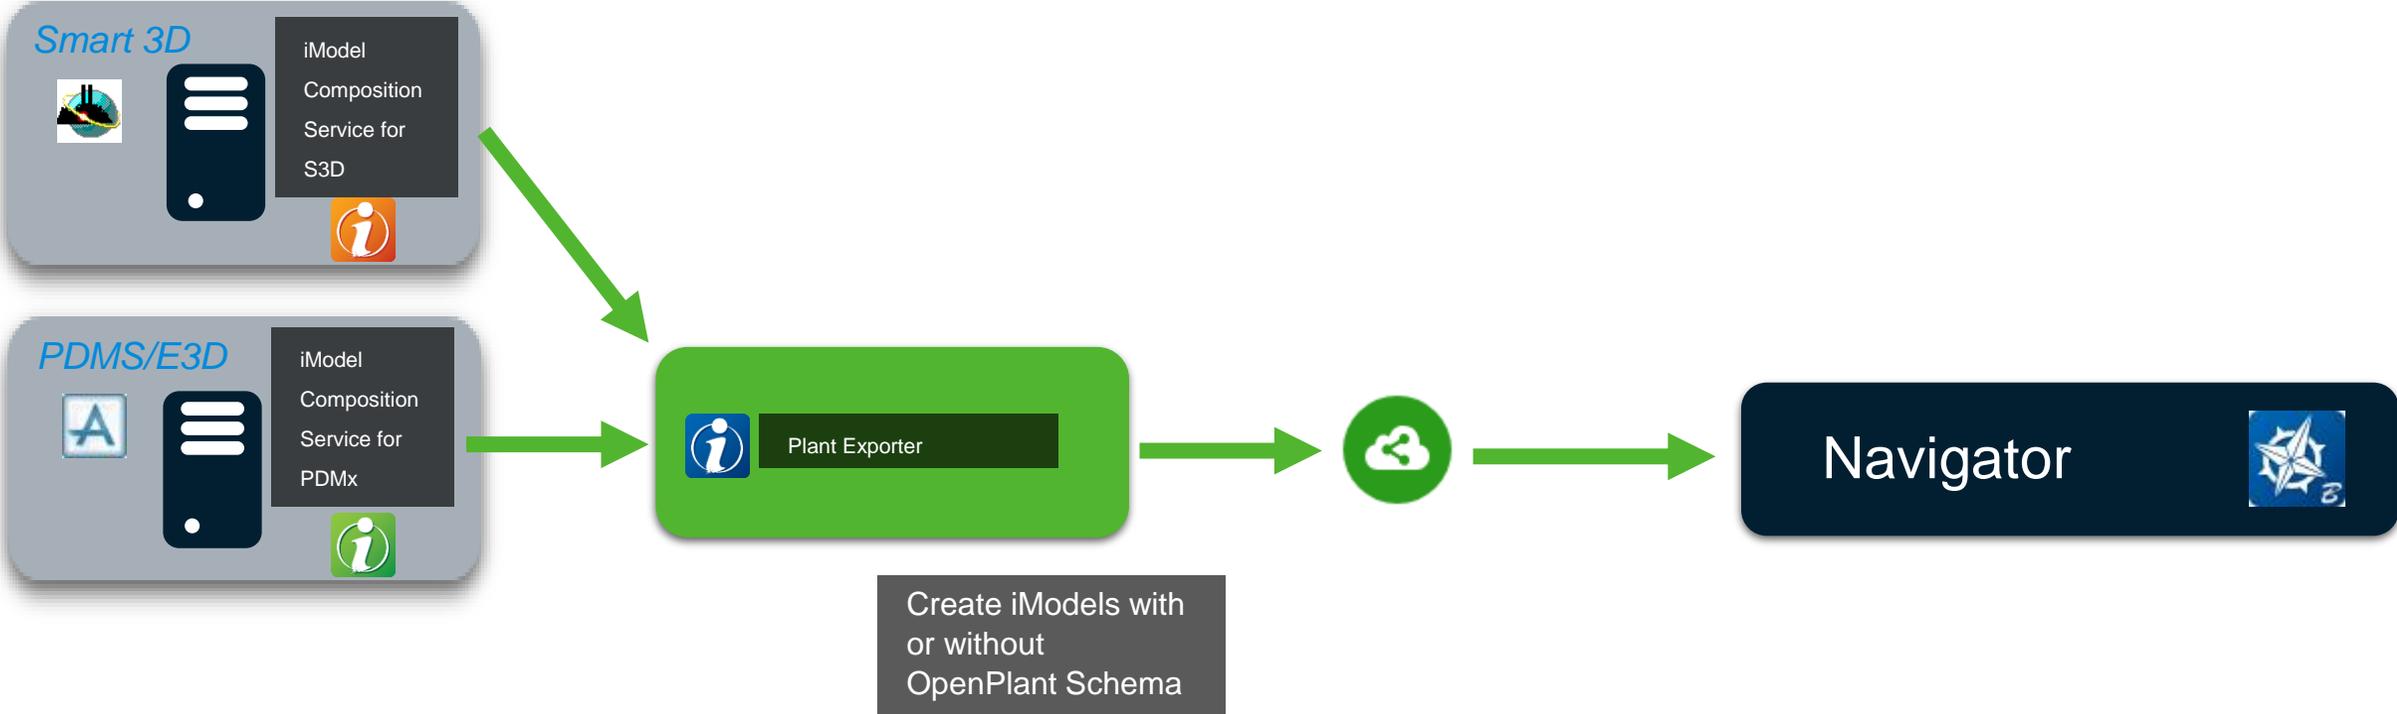

PDMS/E3D & Smart 3D – convert for review

PDMS/E3D & Smart 3D – ProjectWise Share

ProjectWise Share

- Share
- All
- In Progress
- Conversions
- Recycle Bin
- Manage Connections

Take Advantage of Common Data Environment

- Benefit from the exchange of data throughout the project lifecycle.
- Share models, drawings, documents and data securely and efficiently.
- Provide data access to fit-for-purpose information for each team member.
- Ensure the right data is delivered to the right place at the right time.
